Workshops

Getting started with collaboration

FACILITATOR

Charlotte Pace, IVAR

SPEAKER

Soo Nevison, West Yorkshire and Harrogate
accelerator site

Where to start, when you don't know what's out there?

Hear from the **Nottinghamshire BHP area** and **West Yorkshire and Harrogate accelerator site – investment in VCSE** as to how they got started, collaborating with the VCSE when thinking about delayed transfers of care and the impact of investing in the VCSE sector.

This is a practical workshop that will offer real life ideas for action as well as help you consider how to take this approach back to your organisation and system.

Develop an action plan for what you and your area can do to work in a similar way.

Understanding health systems and structures

FACILITATOR

Carrie McKenzie, NHS England

SPEAKERS

Pip Goff, Forum central and Neil Greaves, Lancashire and South Cumbria core group

This session is designed to support VCSE organisations to understand the key changes in the health care system.

Get your update on the Long Term plan and evolving primary care networks and understand how you as a VCSE can engage with the evolving system. Also learn from **Lancashire and South Cumbria on their work around health systems, structures and leadership.**

Creating a healthy, inclusive and compassionate culture in the NHS workforce

FACILITATOR

Helen Garforth, IVAR

SPEAKERS

Philip Cook, Frimley health and care core group; Junaid Hussain, Equality & Inclusion Partnership (EQuIP); Andie Gbedemah, Dimensions UK and Dr Hina Shahid, Muslim Doctors Association

Hear from **Frimley health and care** who have developed an approach to support people to be healthier in their workplaces and also learn about inclusion in health care systems for **faith, religion, ethnic diversity, disability and social determinants of health**.

Leading and creating VCSE partnerships and alliances

FACILITATOR

Emma Baylin, NCVO

NHS England/Improvement is investing in developing VCSE Partnerships, to work in collaboration with NHS systems as peers.

This session will explore their development as well as what leadership is needed across sectors to ensure that they have the impact and strategic leadership that is needed.

Working together to improve health and care outcomes: preventative action and end of life care

FACILITATOR

Helen Garforth, IVAR

SPEAKERS

Julie Clayton and Kevin Walsh, North Cumbria core group; Dipika Kaushal, West Yorkshire & Harrogate core group; and Ian Leech, St Giles Hospice

Hear about the practical actions and impact from BHP areas and the **End of Life Care (EOLC) Alliance** on working collaboratively across sectors to improve end of life care and take **preventative action on: stroke and eyesight, obesity and MSK**

This workshop will help you develop an action plan for what you and your area can do to work in a similar way.

How to build relationships that last

FACILITATOR

Ben Cairns, IVAR

SPEAKERS

Nikki Wimborne, Cripplegate foundation; Nasim Qureshi, Inspired Neighbourhoods CIC; Tricia Reilley, Medway Voluntary Action; Christiana Melam, National Association of Link Workers; and Nav Chana, National Association of Primary Care

How do you lead long-term systems change?

This session will explore:

- How a focus on providing financially efficient, high impact services has led to innovative partnerships between the NHS and VCS sector (Power to Change)
- How a 10-year collaboration of four funders (who devolved budgets to 20 partners) enabled transformational change for people living with physical and mental ill health (Cripplegate Foundation & Islington Giving)

Closing plenary – Panel discussion

Creating the conditions to take collaborative working with VCSEs and ICS/STP to the next level: Experts in partnership working
